

Doors

McLeods offer a magnificent range of external doors to suit all requirements. We have a range of styles, finishes and colours to suit all tastes whether its a traditional Pvc-u door or one of our fantastic new composite doors we have the right door for your home Supplied or supplied and installed our range of doors are around the best on the market for style, security and elegance. All our doors come with high security, insurance-approved five-point locking systems fitted as standard. Again, for complete peace of mind, all our doors come with our full 10-year guarantee and just like our window range when supplied and installed come fully fitted with a range of internal timber finishes. Our doors also have a low threshold option to give the customer a minimal step-over, complying fully with the latest Scottish Building regulations and with a choice of letterplates and handles or even a catflap your door can be tailor made to suit your home. Click onto or download one of our door brochures or better still visit our showroom to view the doors as they would be in your own home. Whether its a French door leading onto your patio to make the best of your garden or the very latest Apeer composite door in the elegant black finish for the front of your house you will find the right door for you at McLeods.
