

## Bi-Folding Doors

BI-FOLDING doors are the latest addition to our extensive range of pvc-u door products. Designed to enhance contemporary living, these are perfect for conservatories, sunrooms and any home with a generous opening onto the garden. Manufactured to the highest specifications, our doors are durable, secure but still easy to operate.

These doors, in traditional white, rosewood, golden oak or a bespoke colour, come with toughened glass fitted as standard to meet current building regulations. A full design service is available on request - no matter the size or colour, we can provide a package that will enhance your home and extend your living space.
